

# Gain the Power of a Master Acupuncturist Safely - Without Needles!

HealthPoint is the safe, foolproof way to precisely locate acupuncture/ acupressure points – putting the accuracy of a trained master in your hands.

**Special 1-Day Workshop** for those of you who are interested in or have purchased the **HealthPoint Microcurrent Stimulator**.

## An overview of the workshop:

- ❖ A brief history of Acupuncture
- ❖ A brief history of the Electro-Acupuncture
- ❖ Using the HealthPoint and Earclips to their best advantage
- ❖ Locating points on the body and the ear
- ❖ Treating eye conditions
- ❖ Answering your questions on the uses of HealthPoint

## Highlights of what you will learn:

1. You will learn about the latest research for the stimulation of the body's own 'Healing System' through acupuncture points.
2. You will learn how easy it is with the HealthPoint to locate Acupuncture points with the unique feedback sensation. (Not the ineffective light and sound used by others).
3. You will learn to treat eyesight problems, pain and discomfort with almost any condition.
4. Learn a new range of conditions that you can treat.
5. If you are in pain, you may experience instant relief from the uses of the HealthPoint
6. You will see why HealthPoint is the perfect adjunct to the therapists' treatments.
